Cat is loosely based on my sister. If we are becoming more and more of a collective instead of a society of independent lively minds. Thus, taking world systems theory as a starting point, global capitalism models have theorized the contemporary economic system, recognizing aspects of world society not well suited to the previously popular nationalistic ways of thinking about international affairs. People will create the jobs of the future, not simply train for them, and technology is already central. Pharaoh's dream has too often been my waking experience.
