One final point to note here is that it may be important to pay careful attention to the methodological details from the various studies of the psychological effect of colour on flavour intensity. The structure of associations in language and thought. Great article, I even got a tip off it. Log in Join.

Balthusarrivedonthescenetowardtheendofthislonganddistinguishedlin  
the golden rule rationale is mostly confined to certain strands of the Judeo-Christian and Chinese traditions, which are broad and lasting, at least until recently, but hardly universal See Wattles The original statement of the golden rule, in the Hebrew Torah, shows a rule, not an ethical principle, much less the sort of universal principle philosophers make of it.
